Comments Report

1. THE COURSE

1.3) Comments on class activities:

- Prof. Davis was very helpful and patient and always made sure that everyone was on the same page and wouldn't move on without you. The tutorial videos were very helpful to look back on while working at home.
- They were very helpful and at a good pace that I was easily able to follow along.

1.6) Comments on class discussions:

- It was great having such a small class because everyone was able to help each other.
- The class discussions and explanations on assignments were detailed and caught my attention. Were very helpful.
- Very interesting and fun

1.9) Comments on exams/ quizzes/ tests:

- I enjoyed the take-home tests since the course was only over a small course of time. I liked that each quiz had both a hands-on and a multiple choice section because everyone has different strengths, the multiple-choice was always easier for me.
- There were 3 quizzes taken over the course period and each quiz had a hands on portion that helped me learn what we were currently doing in the class.

1.11) Comments on course organization:

- 3 quizzes were the perfect amount, all lessons were spaced out with breaks which I liked. Lessons were broken down into smaller pieces.
- It was quick but I really feel i learned everything i needed in the short time.

1.14) Comments on course pace:

- Everything I felt was important for me to know about web design was taught in the class. Even though it was only for 8 days I feel I was able to make my web page and understand how to work on it outside of the class with what I learned in class.
- Fast!
- I enjoyed taking this course in an intensive session. I believe I learned more than an entire semester in COM210-Digital Arts.

2. THE PROFESSOR

- She always kept me calm when I was frustrated with the computer.

2.10) Comments on interactions:

- Would help me individually and explain things thoroughly if I had a question on something that was confusing me

2.13) Comments on feedback:

- She always gave suggestions and how to go about fixing the problem instead of just leaving you hanging.
- The feedback from juliet is what helped shape my site into something great!
